

**IN THE CLAIMS:**

The text of all pending claims, (including withdrawn claims) is set forth below. Cancelled and not entered claims are indicated with claim number and status only. The claims as listed below show added text with underlining and deleted text with ~~striketrough~~. The status of each claim is indicated with one of (original), (currently amended), (cancelled), (withdrawn), (new), (previously presented), or (not entered).

Please CANCEL claims 1-3 without prejudice or disclaimer and AMEND claim 19 in accordance with the following:

1 - 18 (**cancelled**)

19. (**currently amended**) A hybrid disc comprising:

a substrate;

a first optical recording surface formed at a first level in said substrate, said first optical recording surface including a first format type of reproduction data ~~and a predetermined recording area having identification information indicating that the hybrid disc is a hybrid disc type~~; and

a second optical recording surface formed at a second level in said substrate, said second optical recording surface including a second format type of reproduction data different from said first type of reproduction data, wherein:

said first and second optical recording surfaces ~~and said second recording surface~~ are accessible for recording or reproduction from a same surface of the hybrid disc, and

said first optical recording area further comprises a predetermined recording area having identification information indicating that the hybrid disc is a hybrid disc comprising the first and second optical recording surfaces.

20-22 (**cancelled**)

23. (**currently amended**) The disc as claimed in claim 19, wherein one of said first and second optical recording surfaces is a CD (compact disc) recording surface.

24. **(currently amended)** The disc as claimed in claim 19, wherein one of said first and second optical recording surfaces is a DVD (digital versatile disc) recording surface.
